

## Herbicide Meter

Lightweight, corrosion resistant high-tech injection molded plastic housing. Reliable nutating disc measuring chamber. Advanced encapsulated environmentally protected electronic circuitry for high accuracy. Display rotatable in 90deg increments.

Series	FM-300H
Design	Nutating Disc
Housing	PBT Polyester
Port Size	1 inch NPT
Fitting Type	NPT
Flow Range	7-75 LPM
Accuracy	+/-2% of reading
Repeatability	+/-0.25%
Pressure Rating	3.4 bar
Operating Temperature Range	-9 to 54°C
Construction	<b>Housing</b> -PBT Polyester (Valox) <b>Seals</b> – Viton <b>Nutating Disc</b> - PBT Polyester (Valox) <b>Signal Generators</b> – Ferrite (Ceramic Magnet)
Shipping Weight	1.4 kg
Maximum Display Value	999999
Batch Total	
Maximum Display Value	999999
Cumulative Total	
Power Source	9 volt alkaline battery
Electronic Features	- 2 Totals(1 Cumulative, 1 Batch) - Factory Calibration in Gallons or Litres - Field Calibration Available
